Jaffer called VLM on 2/26/02 that  
✓ will go out w/ Ron Langley. We  
are evaluating situation w/ respect to  
his letter + the decision to not  
attend IWT. Please call. JKR

2/B from Mike. I explained that upon  
reviewing his letter that the decision to  
have Mr. Jaffer's not attend IWT was something  
we needed to evaluate. We have been trying to  
evaluate the claim, Auth taken away/reversed  
we cannot conduct investigation. 2nd No Attendance  
to IWT. I believe 2nd one. We ~~even~~ post-poned  
exam + review info from Dr. Boston 1st.

Considering how old info was + question we had re: her input. We set up the exam + now he didn't attend. Now we are put into a position that we can't evaluate the claim - we may not be able to continue to pay the claim. But before we make a final determination, I wanted to discuss whether or not our prior attempt to settle / resolve this was gone. Mike said the offer was ridiculous and no counter was to be made. We discussed that issue and came to no agreement. I explained we would then make our decision based upon the info in the file.

Don't: I did speak w/ Mike about the letter and advised him I felt it was ludicrous + BS. He accused us / the Co. of being secretive about info + I told him we have no auth to learn any new info.
